

CONTENTS

Pradeep Matam, Giridhar Parvatam

- Arbuscular mycorrhizal fungi promote enhanced growth, tuberous roots yield and root specific flavour
2-hydroxy-4-methoxybenzaldehyde content of *Decalepis hamiltonii* Wight & Arn 3

Justyna Wójcik-Seliga, Marcin Studnicki, Elżbieta Wójcik-Gront

- Evaluating economic value of 23 strawberry cultivars in the climatic conditions of Central Europe 11

Dorota Szopińska, Magdalena Jarosz, Beata Sławińska

- The effect of hydrogen peroxide on seed quality and emergence of carrot (*Daucus carota* L.) 21

Djina Božović, Borut Bosančić, Ana Velimirović, Sezai Ercisli, Vučeta Jaćimović, Hakan Keles

- Biological characteristics of some plum cultivars grown in Montenegro 35

Eugeniusz Kolota, Katarzyna Adamczewska-Sowińska, Agnieszka Balbierz

- Response of swiss chard (*Beta vulgaris* L. var. *cicla* L.) to nitrogen fertilization 47

Sibgha Noreen, Ayesha Siddiq, Kousar Hussain, Shakeel Ahmad, Mirza Hasanuzzaman

- Foliar application of salicylic acid with salinity stress on physiological and biochemical attributes
of sunflower (*Helianthus annuus* L.) crop 57

Jadwiga Wierzbowska, Bożena Cwalina-Ambroziak, Małgorzata Głosek-Sobieraj, Stanisław Sienkiewicz

- Yield and mineral content of edible carrot depending on cultivation and plant protection methods 75

Teresa Grzelak, Joanna Grupińska, Marta Pelczyńska, Marcelina Sperling, Krystyna Czyżewska

- The merits of fat replacers in low-calorie food 87

Saida Bedbabis, Béchir Ben Rouina, Salvatore Camposeo, Maria Lisa Clodoveo, Alessandra Gallotta, Marino Palasciano, Giuseppe Ferrara

- Alternate bearing affects nutritional status and net assimilation rate of an irrigated olive grove
under arid conditions 95

Małgorzata Malik, Anna Bach

- High-yielding repetitive somatic embryogenesis in cultures of *Narcissus* L. 'Carlton' 107

Małgorzata Szczepanek, Elżbieta Wszelaczyńska, Jarosław Pobereźny, Ireneusz Ochmian

- Response of onion (*Allium cepa* L.) to the method of seaweed biostimulant application 113

Kadir Ugurtan Yilmaz, Abdykerim Abdullaev, Aydin Uzun, Kubanychbek Turgunbaev, Hasan Pinar, Nazima Sulaimanova

- Morphological characteristics of different wild *Berberis sphaerocarpa* Kar. et Kir. genotypes grown
in Jeti-Oguz District (Issyk-Kul Province) of North Eastern Kyrgyzstan 123

Aleksandar Radović, Dragan Nikolić, Radosav Cerović, Dragan Milatović, Boban Đorđević, Gordan Zec

- Unusual growth of pollen tubes in the ovary of quince (*Cydonia oblonga* Mill.) 133

Jadwiga Andrzejewska, Stanisław Ignaczak, Tommaso Martinelli

- Effect of seed material preparation on plant emergence and yield of milk thistle (*Silybum marianum* (L.)
Gaertn.) in a moderate climate 139

Jerzy Hetman, Sylwia Łukawska-Sudol, Krystyna Pudelska, Marzena Parzymies

- The effect of the cutting method on rooting of *Dahlia pinnata* Cav. cuttings 149
