

CONTENTS

Ma-Yin Wang, Yu Ding, Ye Zhang, Lu Sun, Xi-Qiang Song, Dai-Cheng Hao, Wei-Shi Li, Min-Qiang Tang, Peng Ling, Shang-Qian Xie Transcriptome analysis of genes involved in flower and leaf color of <i>Oncidium</i> by RNA-seq	3
Piotr Żurawik, Cezary Podsiadło Possible usefulness of shrimp biowaste as a fertilizer in the cultivation of selected species of <i>Miscanthus</i> (Andersson)	19
Elżbieta Patkowska The influence of biostimulants on the rhizospheric microorganisms of scorzoneria (<i>Scorzonera hispanica</i> L.)	31
Ewa M. Furmańczyk, Małgorzata Tartanus, Eligio Malusà The influence of plant extracts on root biostimulation in different strawberry (<i>Fragaria x ananassa</i> Duchense) cultivars	43
Güzella Yilmaz, Hakan Karadağ, Onur Saraçoğlu, Osman Nuri Öcalan Effects of biochar applications on growth, nutrient content and biochemical properties of <i>Ocimum basilicum</i> L.	55
Hande Tahmaz Changes in physical and chemical characteristics of Syrah grapes in response to timing of cluster Thinning	63
Yan Ren, Jin-Rong Gao, Shou-Meng Cai, Hong-Mei Yan, Heng-Yu Huang <i>In vitro</i> propagation of <i>Liparis nervosa</i> (thunb.) Lindl., an endangered medicinal orchid	73
Hamid Danesh-Shahraki, Abdollah Ghasemi Pirbalouti, Faezeh Rajabzadeh, Mehrdad Ataei Kachouei Foliar application of salicylic acid and proline to mitigate water deficit impact on purple coneflower (<i>Echinacea purpurea</i> (L.) Moench.)	89
Serkan Candar, Elman Bahar, İlknur Korkutal, Fatma Betül Aktaş Defoliation and water leaf potential effects on oenological properties of Merlot (<i>Vitis vinifera</i> L.) grape must.....	99
Rashad Qadri, Arslan Achakzai, Muhammad Tahir Akram, Muhammad Awais, Khalid Hussain, Numrah Nisar, Muhammad Azam, Muhammad Awais Ghani, Muhammad Mumtaz Khan, Muhammad Moazzam Khan Physiochemical and Mineral characterization of unexplored local grapes (<i>Vitis vinifera</i> L.) cultivars growing in Balochistan province, Pakistan	115
