

CONTENTS

Samia Ben Mansour-Gueddes, Dhouha Saidana, Hayfa Jabnoun-Khiareddine, Ameni Bchir, Mejda Daami-Remadi, Mohamed Braham Chemical composition and biological activities assessment of olive fruit volatiles from different varieties grown in Tunisia	3
Nastaran Rashidi, Ramezan Ali Khavari-Nejad, Parvin Ramak, Sara Saadatmand The effect of chitosan on gene expression, some morphological and physiological traits of sweet basil (<i>Ocimum basilicum</i> L.) under salinity stress	21
Madhia Ashraf, Syed R. Abbas, Sania Begum, Syed D.A. Gerdezi, Rizwan T. Khan Agro-morphological characterization of <i>Brassica rapa</i> L. germplasm from Azad Jammu and Kashmir ...	31
Tour Jan, Ikram Ullah, Bilal Muhammad, Tariq, Ali Mansoor, Zaheer Ullah, Muhammad Asif Nawaz Efficient <i>in vitro</i> propagation of <i>Amaranthus viridis</i> L. using node explants	41
Seyedeh Nastaran Hosseini Darvishani, Esmail Chamani, Vali Ollah Ghasemi Omran, Behrouz Esmaeilpour, Yasser Yaghoubian <i>In-vitro</i> physiochemical responses of <i>Viola odorata</i> plant to combined salt and drought stress	53
Turgay Kabay Effects of different potassium doses on growth and development of drought-sensitive bean plants	63
Elżbieta Patkowska Soil-borne microorganisms threatening carrot cultivated with the use of cover crops	71
Demir Kok, Erdinç Bal A comparative study on effects of reflective mulch as an alternative to some other preharvest applications to improve phenolic compounds profile and anthocyanin accumulation of cv. Syrah wine grape (<i>V. vinifera</i> L.)	87
Soner Kazaz, Tuğba Kılıç, Elçin Gözde Ergür Şahin Extending the vase life of cut hydrangea flowers by preservative solutions	95
Monika Grzeszczuk, Aneta Wesolowska, Anna Stefaniak Biological value and essential oil composition of two <i>Monarda</i> species flowers	105
Halina Buczkowska, Renata Nurzyńska-Wierdak Fruiting of melon (<i>Cucumis melo</i> L.) grown organically on mulched soil	121
Muttalip Gundogdu, Selma Kuru Berk, Kenan Yildiz, Ihsan Canan, Sezai Ercisli, Selma Tuna Effect of methyl jasmonate application on bioactive contents and agro-morphological properties of strawberry fruits	133
Kamile Ulukapi, Ayse Gul Nasircilar, Sevinç Şener, Koksal Aydinsakir Alleviation of drought stress in <i>Phaseolus vulgaris</i> L. cultivars using phytostimulators in organic agriculture	143
