

CONTENTS

Wioletta Wróblewska, Joanna Pawlak, Dariusz Paszko

Evaluation of the yield of highbush blueberry (*Vaccinium corymbosum* L.) cultivars and their economic efficiency on commodity plantations in Poland in the years 2020–2022..... 3

Anna Heród, Bożena Szewczyk-Taranek, Bożena Pawłowska

Formulating evidence-based design guidelines for therapeutic gardens tailored to elderly populations: a synthesis of reminiscence and preference studies13

Masoumeh Vakili-Ghartavol, Hossein Arouiee, Shiva Golmohammadzadeh, Mahboobeh Naseri

Improving antifungal effect of peppermint essential oil 29

Elżbieta Paduch-Cichal, Tomasz Krupa, Ewa Mirzwa-Mróz, Marek S. Szyndel, Karol Staniszewski, Wojciech Kukuła, Elżbieta Mielniczuk, Marcin Wit, Wojciech Wakuliński

Effect of virus infection on the fruit quality of sour cherry cultivar Łutówka43

Farzad Rasouli, Sina Golestaneh, Mohammad Asadi, Trifa Amini, Negin Aslreyhani, Nela Skowronkova, Sezai Ercisli, Anna Adamkova, Lukas Snopek, Jiri Mlcek

Evaluation of $\text{Ca}(\text{NO}_3)_2$ and various container cell size effects on some growth attributes and nutrient content of tomato transplants61

Ewa Ropelewska, Mariusz Lewandowski

A comparative study of distinguishing apple cultivars and a clone based on features of selected fruit parts and leaves using image processing and artificial intelligence79

Krystyna Winiarczyk, Dominika Czerska, Bożena Denisow, Ewelina Chrzanowska, Jacek Pietrusiewicz

Regenerative potential and its variability in different topophysical zones of *Kalanchoe daigremontiana* leaves in *in vitro* culture conditions93

Sławomir Świerczyński

Comparison of the efficiency of synthetic auxins and biostimulants and two types of substrate in rooting of shoot cuttings in ‘Pi-ku 1’ rootstock103

Barbara Skwaryło-Bednarz, Agnieszka Jamiolkowska, Marek Kopacki, Barbara Marcinek, Mariusz Szmagara, Izabela Kot

Impact of N fertilization and cultivar on amaranth nutrients and soil health.....117
