

CONTENTS

Beata Kowalska, Magdalena Szczech

Assessment of the microbial quality of ready-to-eat vegetable salads and berry fruit available on polish market.....3

Ömer Sarı

Effects of *Azotobacter* spp., mycorrhizal fungi and shade treatments on plant growth and chlorophyll content in boxwoods plants.....15

Esra Uçar

Determination of biological activity of ethanol extracts of date-plum (*Diospyros lotus*) fruits and seeds growing in Turkey25

Tuğba Kılıç, Ebru Sinanoğlu, Emine Kırbay, Soner Kazaz, Sezai Ercişli

Determining appropriate methods for estimating pollen viability and germination rates in lisianthus33

Anna Krzepilko, Roman Prażak, Katarzyna Matyszczyk, Magdalena Dyduch-Siemińska

The effect of zinc oxide nanoparticles on the growth and development of stevia plants cultured *in vitro*43

Robert Gruszecki, Barbara Mysiak, Magdalena Walasek-Janusz

Effect of drying temperature on the bioactive compounds content of rose hips (*Rosa canina* L.)57

Heng Zhang, Ya-Nan Gao, Xue-Qin He

A G6P1E isomerase of sugar metabolism is involved in the flower colors of *Dianthus Chinensis*67

Elham Anafjeh, Mohamadreza Salehi Salmi, Mohamadhosein Daneshvar, Aliakbar Meratan

Comparative response of three tropical groundcovers to salt stress79
